This is NOT the official order form. *It is for your convenience and to assist you as you plan your curriculum for next year and in preparation for the upcoming curriculum fair if you choose to attend. You might want to list curriculum you have used this past year and want to use again next year. You might also list those items you are interested in using or have questions about. Please complete both sides, if applicable. You need to only fill in the areas where curriculum is needed. Be sure to include the teacher's guide and any workbook or manipulatives if needed.* ***Use the # 2 space only to list your second choice in the event that your first choice is not available.*** *It would be helpful if you could bring the completed form to your next advisor's meeting.*
